

Teddy Bear Music Party

November 30th 2014

Before we begin.....

Please note:

Regular classes have much fewer students and a greater variety of activities. Children also have the opportunity to play a xylophone, glockenspiel and other percussion instruments.

Please ensure your child has:

- Had a drink
- Been to the toilet or has a clean nappy
- Has a clean face and hands

For a positive learning environment for all participants

- Please enter quietly and keeping talk down to the bare minimum.
- Keep your child with you at all times.
- Photo's are a wonderful way to reflect on this experience and please limit photos to your own child.
- If your child becomes agitated please move outside quietly for a short time until he/she is calm and ready to join the group again.
- As a familiar role model, do all the actions and keep smiling, your child may not participate, but major learning is taking place just through being there in the class.
