Introduction to the Suzuki NSW Teacher Training Program

- ❖ Suzuki Talent Education Association of Australia (NSW) is the only approved provider of Suzuki Teacher Training in NSW and currently offers training in the following instruments:

Piano, Organ, Violin, Viola, Cello, Double Bass, Flute, Recorder, Guitar

- ❖ We also have a **Suzuki Early Childhood Education** program (SECE program) for students 0 - 3 years and 3 - 5½ years. This program does not run every year. For further information please send your enquiries to teachertraining@suzukimusicnsw.com.au

Our teaching is guided by the philosophy and methodology of Dr Suzuki which includes the Mother Tongue approach to education. Please visit our website for further information.

Trainees will eventually be able to teach and play the entire Suzuki repertoire of their instrument. The Suzuki repertoire is a graded journey covering many learning areas involving advancing technical, musical, tone production, aural, performance and musical knowledge skills.

The primary goal of Suzuki Teachers is the development of the child's full potential, in particular the nurturing of the child's well-being using music as the medium.

Our goal is to help children of all ages discover the beauty of music while developing real skills that will enhance all aspects of their lives.

If you are passionate about helping children, have a sound grounding in music and would like to work with parents and their children, then the Suzuki method might be the career for you.

- ❖ The NSW Training Program offers **three levels of teaching accreditation**:
 - **Certificate III**
 - **Certificate IV**
 - **Diploma**

- ❖ The training program is part-time and participants can go at their own pace but will need to follow a set course of modules for each of the three levels offered. Each level of accreditation will need to be completed before progressing to the next level.
- ❖ Suzuki training courses are presented by highly qualified and experienced teachers dedicated to the Suzuki philosophy and methodology.
- ❖ The courses are designed for any advanced student (over 18 years old), or experienced teachers, and lead to an accreditation certificate from Suzuki Music, which is endorsed by the International Suzuki Association and Talent Education, Japan. The Certificate III training course commences in March/April each year.
- ❖ To be considered for the Courses you will need to apply to the Suzuki Music Office. The maximum period allowed for completion of any one course is 3 years. If, for any reason, training is interrupted, further refresher tasks may need to be undertaken.
- ❖ Upon successful completion of the Entry Audition, you will be invited to enrol in the Certificate III course. The enrolment fee includes Suzuki teacher affiliate membership for one year. Trainees still progressing with the course in subsequent years must pay their membership as they go. Teacher trainee members attain full teacher member status upon graduation at Certificate III Level and will be required to join as a full teacher member from that time. Provided all requirements have been met, teacher membership carries with it the right to vote as a teacher at general meetings of the Association, the right to enter students for graduation, and listing on the online directory of accredited teachers
- ❖ All teachers or trainee teachers are required to hold a current Working with Children Check and will need to provide a copy of the Certificate to the Suzuki Music office. They will also be required to sign the Code of Ethics provided.
- ❖ At the discretion of the Teacher Training Committee, trainees may, during their course, be listed in the teacher directory as an Approved Trainee.
- ❖ After accreditation as a Suzuki Teacher, certification is renewed on an annual basis dependent upon the completion of the minimum of 10 hours professional development each year. This ensures that ALL teachers listed on our online Teacher directory are fully accredited and licensed to teach the Suzuki Method.
