Vision

To create a beautiful world of healthy citizens with a respect for human life and cultural heritage and make a positive contribution to society.

Mission

Encourage, Educate and Develop Character through music using the Suzuki method in a nurturing in a respectful and encouraging environment.

Beliefs

- All children learn to speak their Mother Tongue
- Every child can learn
- Character first, ability second
- Musical ability not inborn talent but an ability which can be developed
- The fostering of a close collaboration between parents, teachers and students will encourage children to achieve beyond their expectations
- The glue that binds ability and sensitivity is love.
- Through music one's potential can be developed to a very high level while developing beautiful hearts
